OF LOCAL INTEREST

OPENING OF HIGH SCHOOL.—Superintendent Fulton announces that the high school year will begin September 20.

BACK FROM DENVER.—Rev. H. M. Campbell, pastor of the First Presbyterian church, returned yesterday from Denver and Prescott. He will go back to Prescott about September 1.

TO RETURN SOON.—B. A. Fowler is expected back from the National Irrigation congress about September 5. At any rate, he will return in time to take part in the meeting of the board of governors of the Water Users' association.

NEW RESIDENT FOR PHOENIX.—Rev. D. C. Lamson of Council Bluffs, Ia., for some time a subscriber to the Republican, though he has never been in this part of the country, will soon arrive here to take the pastorate of the Free Methodist church.

PLENTY OF WATER.—The water in the reservoir at Roosevelt stood at 112.3 feet yesterday, which is just one foot below the maximum attained. The total discharge of the Salt and Verde rivers was 2611 second feet, or 104,440 inches. This is a gain since Tuesday of 5840 inches, and the farmers have all the water they can use.

THE MISSION HELPED OUT OF A HOLE.—The Railroad Mission, established by Architect James Creighton and others, is now able to get out of debt through the needs of the public schools. Mr. Creighton believes it was providentially ordered that the schools should be embarrassed by the need of more room. The trustees have just arranged with the mission management for the use of the mission building five days in the week for nine months at a rental of \$200. A lease has been signed and deposited in a bank and the mission people are already drawing against it for the discharge of the debts of the institution, a happy state of affairs which has come about much sooner than was expected. A partition is being put lengthwise in the building, making two rooms of 25x50 feet each. That is done at the expense of the mission. The trustees will install the school furniture.

CHARGED WITH MURDEROUS ASSAULT.—Pedro Torres was arraigned before Justice Parker yesterday on the charge of assaulting with a knife a small boy, Bonifacio Torres, no relation of his, but a son of Mrs. Josefa Rangel, who swore out the warrant for his arrest. He will be given a preliminary trial tomorrow.

MORE THAN EXPECTED.—The excursion to Tucson over the Southern Pacific for the Elks' baseball game is drawing more than the local lodge has any idea. The railroad company is making ample accommodations for the comfort of everyone and no one will have to be in crowded quarters. The Tucson Elks are getting up some altogether new stunts.

HELD TO THE GRAND JURY.—Ben Williams, colored, was given a preliminary examination before Justice Parker yesterday on the charge of selling out Carrie Clark of Colorado without her knowledge or consent and to her great financial disadvantage. The only defense of Williams was some sort of a claim that he had some right to the property which he sold at a second-hand store.

PRESCOTT EXCURSION.—The Prescott Labor Day celebration excursion for the Santa Fe promises to be the largest excursion that has ever been pulled off for the mountain city. Many are planning their vacations for this celebration. There will be much to see and it will be more than worth while. Earl Chappell who is to enter into the Marathon race and a boxing match with Kid Kirby, will be a drawing card for Phoenix. Earl has good chances in both. He is working hard in his quarters and is getting into shape rapidly.

REVISITING GOLD SCENES.—J. K. Doolittle, for many years a resident of Phoenix and interested in the Verde water power project, returned to the city yesterday after an absence of three years. Mr. Doolittle's headquarters are now at Pittsburg, where he is devoting himself to the interests of the Central Arizona Power company, of whose ultimate success he has no doubt. Mr. Doolittle is pleased to observe the progress that has been made in Phoenix and the valley since his last visit. He will remain here about a week and will then leave for the coast and will return East by the way of Salt Lake. A little later in the fall he expects to return to Phoenix for a longer stay.

HOTTER PLACES THAN PHOENIX.—C. T. Hirst returned yesterday from a two weeks' business and pleasure trip to Chicago and Niagara Falls. He said he experienced hotter weather in Kansas two weeks ago than he had ever felt in the Salt River valley, although the thermometer did not show temperatures as high as he has seen here. "I never felt heat in this valley," said Mr. Hirst, "that would wilt three collars, one after another, almost as fast as you put them on—but that is the sort of heat they had in Kansas."

NEW STAMPS.—The local office is expecting within the next two or three weeks, a consignment of the Hudson River Discovery stamps. It is a two-cent denomination and commemorates the discovery of the Hudson by Henry Hudson, just three hundred years ago, and also of the introduction of steam navigation by Robert Fulton in 1807. The stamp is oblong in shape and bears an engraving of the Hudson with the "Half Moon" sailing up the river and the "Clermont" sailing down. It will be the same color as the two-cent stamps now in use.

A PROSPEROUS YEAR COMING.—W. J. Murphy returned yesterday from a three weeks' business visit to Chicago. He went in the interests of the Ingleside company and reported that the outlook both for the valley and for that company was unusually good. "I look for an exceptionally prosperous year in the valley," said Mr. Murphy. "There are more people coming here than ever before. There should be right now several hundred houses in course of construction right here in Phoenix and several more in Glendale. The people are coming and we hardly have room to accommodate them."

UNION SERVICE AT BUCKEYE.—There will be a union service of the Buckeye and Palo Verde churches, Sunday the 28th, at the Palo Verde meeting house. Sunday school at 10 a. m., followed by preaching service at 11 a. m. A second service will be held in the afternoon, beginning with a song service at 2:30 p. m. Rev. T. F. McCourtney of Phoenix, secretary of Territorial missions, will speak at both services. At the close of the morning service the audience will adjourn to a nearby grove for dinner. All are cordially invited to bring their baskets and be present at all the exercises of the day.

DOUBTFUL IF BOXING MATCH IS ALLOWED

U. S. Attorney Alexander Says Arrests Will Be Made if Chappell Boxes With Kirby at Prescott

It is beginning to look as though there would be no ten round boxing exhibition between Earl Chappell of Phoenix, and Kid Kirby of Prescott, for the Labor Day celebration. According to the Prescott Journal-Miner, United States Attorney J. L. B. Alexander says he will put a stop to the exhibition, although there will be no admission fee and no purse put up. Chairman Kohl of the Labor day commission, said that the exhibition was to be simply a friendly bout and no more a violation of the law than the Sullivan Kilrain matches which were seen here every night for a week. Alexander insists that if the exhibition is allowed arrests will follow.

ISLANDERS SAVED

From a Storm Which Lashed the Mexican Gulf

Brownsville, Texas, Aug. 27.—After passing the night at the quarantine station at Tarpon Beach, refugees, brought to the mainland today by the life saving crew from Brazos de Santiago, tell of damage to the Pedro and Brazos Islands as a result of a gulf storm, which swept inland last night. At Tarpon Beach, every building except the light house and quarantine station, were either damaged or destroyed, but it is believed no lives were lost.

LARNED, CHAMPION

His Successful Defense of the Title in the Tennis Tournament

Newport, R. I., Aug. 27.—The title of single lawn tennis champion of the United States still rests with William A. Larned of Summit, N. J. He successfully defended it today against the winner of the twenty-ninth annual all-comers tournament on the Newport casino courts, William J. Clothier, of Philadelphia. Five sets were required, the champion taking the first two and the last, the scores being 6-1, 6-2, 5-7, 1-6, 6-1.

GUARDING STREET CAR PLANT

Pittsburg, Aug. 27.—State troopers mounted guard tonight at the plant of the Pressed Steel Car company, at Schoenville, where 3500 employees are striking. Trouble is feared. Imported workmen have deserted the Pressed Steel Car plant in large numbers. They declared that they were misused and forced to work.

CLARK IS NOT SCARED

Concerning the Condition of Mr. Harriman.

Salt Lake City, Aug. 27.—Former Senator W. A. Clark, the principal owner of the San Pedro, Los Angeles & Salt Lake railroad, said in an interview today: "I do not believe that Harriman is in as grave danger as some reports would seem to indicate. But a man of his caliber would certainly so arrange his affairs that his death or retirement would cause no calamity in the railroad or financial world. The policy of the Harriman lines would undoubtedly be carried on as at present."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the system. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
